**REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR § 1.322 FOR
CORRECTION OF OFFICE MISTAKE**

ATTN: Certificate of Correction Branch
Honorable Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

As provided in detail in the attached, the patentee respectfully requests that a Certificate of Correction be granted in the above-identified patent to correct a mistake in a patent, incurred through the fault of the Office.

Under 37 CFR 1.322, "The Commissioner may issue a certificate of correction pursuant to 35 U.S.C. 254 to correct a mistake in a patent, incurred through the fault of the Office, which mistake is clearly disclosed in the records of the Office at the request of the patentee or the patentee's assignee."

The Patentee furthermore requests Expedited Issuance of this Certificate of Correction in accordance with MPEP § 1480.01. Specifically, this section provides that:

In an effort to reduce the overall time required in processing and granting Certificate of Correction requests, the Office will expedite processing and granting of patentee requests where such requests are accompanied by evidence to show that the error is attributable solely to the Office Where the correction requested was incurred through the

fault of the Office, and the matter is clearly disclosed in the records of the Office, and is accompanied by documentation that unequivocally supports the patentee's assertion(s), a Certificate of Correction will be expeditiously issued. MPEP § 1480.01

The following error appears to have occurred through the fault of the Office, and the patentee respectfully requests correction thereof.

In the Information Disclosure Statement (IDS) filed April 12, 2001, on Sheet 8 of 9, the Applicant cited KR 92-18644. Although the Applicant cited KR 92-18644 with a date of "03/26/1992," the correct date is 10/22/1992. The IDS filed April 12, 2001, was fully considered by the Examiner, initialed in May 2002, and a copy was attached to the Official Action mailed May 21, 2002. A copy of Sheet 8 of 9 from the IDS filed April 12, 2001, is attached herewith, and appears in the Image File Wrapper under the heading, "List of References cited by applicant and considered by examiner" and with a Mail Room Date of "05-21-2002." The copy of the "List of References cited by applicant and considered by examiner" bears the Examiner's initials, i.e. "MLT" in the left-hand column and clearly indicates the Examiner's consideration of KR 92-18644. As such, KR 92-18644 should appear in the "FOREIGN PATENT DOCUMENTS" section of U.S. Patent No. 7,067,844.

However, KR 92-18644 does not appear in the '844 patent. The Patentee respectfully submits that the citation of KR 92-18644 should appear in the '844 patent, in the "FOREIGN PATENT DOCUMENTS" section, on Page 3, right column, after line 57 (the citation of KR 90-17171), and before the heading "OTHER PUBLICATIONS." Specifically, the Patentee requests that the following line be added at this point:

--KR 92-18644 10/1992--.

Further, as provided in detail in the attached, the patentee respectfully requests that a Certificate of Correction be granted in the above-identified patent to correct minor clerical, typographical or grammatical errors.

23 07 2007

As provided in detail in the attached, Patentees respectfully request that a Certificate of Correction be granted in the above-identified patent to correct minor clerical, typographical or grammatical errors.

Under 37 CFR 1.323, In re Arnott, 19 USPQ2d 1049, 1052 (Comm'r Pat. 1991), and 35 U.S.C. 255, a Certificate of Correction for a Patentee's mistake may issue if the mistake is of a clerical or typographical nature, or of minor character (would not materially affect the scope or meaning of the patent), and if the correction does not involve changes which would constitute new matter or require reexamination.

It has come to Patentee's attention that the Information Disclosure Statement filed April 12, 2001, included inadvertent typographical errors.

Specifically, the Information Disclosure Statement filed April 12, 2001, included the following inaccuracies:

- 1) On Sheet 5 of 9, EP 0 161 555 was incorrectly listed with the date of 06/02/1987. The correct date is 11/21/1985.
- 2) On Sheet 6 of 9, JP 02-208635 was incorrectly listed with a date of 11/02/1990. The correct date is 08/20/1990.

As a result, the incorrect dates appear on the face of the patent, right column, under the heading "FOREIGN PATENT DOCUMENTS" and on Page 3, right column, line 42. The Patentee respectfully requests correction of the above-referenced incorrect dates as noted in detail in the attached Certificate of Correction Form.

The above corrections are due to good faith inadvertent errors of a minor character, are of a clerical, typographical or grammatical nature, do not add new matter and do not require reexamination. Therefore, the patentee respectfully requests that the Certificate of Correction be granted in this patent.
